

TORNO

Torno is a wonderful wool bouclé fabric on double width made in jacquard weave with a linen warp that makes an interesting structure. With a beautiful drape and a somewhat retro look this textile is a real eye catcher as curtains or a plaid.

This article may stretch depending on the natural character of the wool fiber. For best result use the width of the fabric as the width of the curtain. Colour may vary due to the natural character of the linen fiber.

Please be aware that screen colours, printer colours and fabric dye batches may vary.
