Since the first collection in 2011, FRAMA has embraced an organic and collaborative approach to design equally inspired by the old and the new, by digital technologies and analog traditions. The naturalistic, hands-on approach to design and production has allowed for creating a unified aesthetic across a growing range of product collections.

The Rivet Series

Based on the traditional hand construction technique of riveting, the Rivet Series is made of laser-cut raw aluminum sheets; hereafter joined together by hand using a basic hammer tool. A celebration of the purity of aluminum left untreated with the material's honesty in mind.

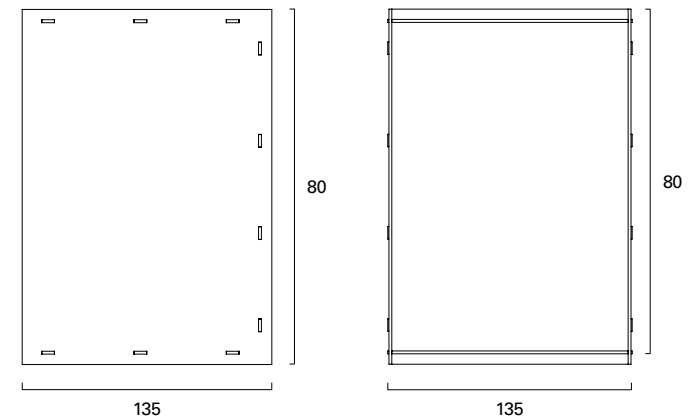

Rivet Box Table

RIVET BOX TABLE

Product	Rivet Box Table
Design	Jonas Trampedach
Material	Untreated Aluminum
Dimensions	H48 W32.8 D32.8

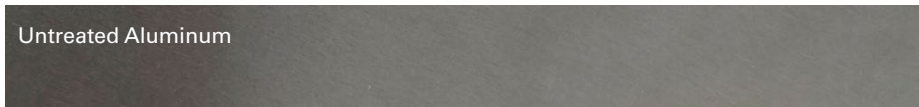

Untreated Aluminum

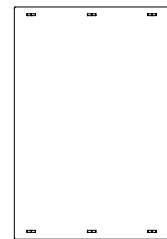

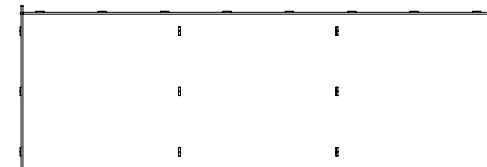

Rivet Case

RIVET CASE

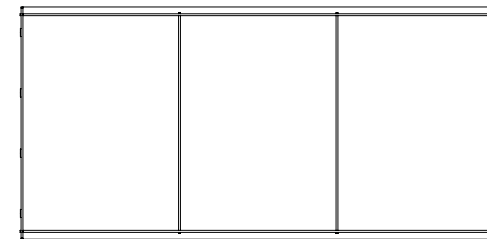

Product	Rivet Case
Design	Jonas Trampedach
Material	Untreated Aluminum
Dimensions	H48.1 W98.3 D33.8
